

Gillett

ENTOMOLOGICAL SOCIETY OF SASKATCHEWAN INC

NEWSLETTER

Issue 1, Vol. 3

22 March 1982

"The laugh at entomology is nearly spent. Known professors of the science, and members of the "Society" may now assemble in council and communicate their observations and inquiries without fear of becoming themselves subjects for a commission de lunatico inquirendo, and butterfly hunters, net in hand, may now chase their game without being themselves made game of."

Acheta domestica.

SPRING MEETING

DATE: 23 April 1982

TIME: 4 pm

PLACE: Conference Room, Research Station, Agric. Canada
University Campus
SASKATOON, Saskatchewan

Preliminary Agenda:

1. E.S.S. Educational Survey (See attached information)
2. Amateur Entomologist Prize
3. Funds (or the lack of it) to publish our first installment of the Insects of Saskatchewan
4. Our Standing Committees
5. Joint Annual Meeting, Entomological Society of Canada and of Saskatchewan, 1983.

MEMBERSHIP LIST

Our new list is enclosed. It includes 17 names who have not yet paid their 1981/82 dues although a reminder was sent. Their names will be kept on the mailing list for one year
I wish people would simply let me know that they wish to let their membership lapse. It would save me time, stamps and trouble.

ENTOMOLOGISTS OF CANADA

Paul Riegert is gathering information for a dictionary of Canadian Entomologists. So everyone who considers himself an amateur or professional entomologist or otherwise feels closely attached to this discipline is asked to fill out a questionnaire. We have enclosed 20 copies for members who we thought would probably want to fill one out. If anyone feels left out, please let Paul Riegert know.

ESS EDUCATIONAL SURVEY

Our two man committee, consisting of A. Arthur and Cedric Gillett sent out a questionnaire. For your information it is enclosed together with the results of the survey. Cedric and Alf have done a great job and they deserve a good response and discussion at the meeting.

NEW MEMBERS:

Lance Hales has rejoined after spending a couple of years in Africa, and Lynn Carl and Joan Nerland have joined for the first time. They all work at the Saskatoon Research Station. We welcome all three into our Society.

Hoping to see as many as possible at the April Meeting, I am yours sincerely,
Diether Peschken *Diether Peschken* Secretary-Treasurer
